Table Base Collection

2026 / EN

Wood · Design · Metal · Composite · Cast Iron

VIALEG.COM

ABOUT US

The base carries the table — and begins the design.

VIALEG treats the table base as a product in its own right. Every model is designed around load capacity, balance and proportion, then machined at our production facility in İkitelli.

Five collections, from solid wood to cast iron, available in bespoke dimensions and finishes for contract furniture, office and residential projects.

Surface options and application methods

WOOD FINISHES

W01 Natural Oak

W02 Walnut

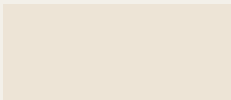

W03 Ash

W04 Dark Walnut

W05 Wenge

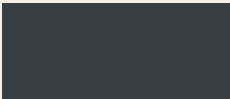

W06 White Oil

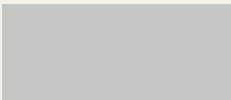

POWDER COATING

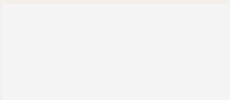

RAL 9005 Matt Black

RAL 7016 Anthracite

RAL 7035 Light Grey

RAL 9003 White

RAL 6005 Green

RAL 3003 Ruby Red

Electrostatic powder coating cured at 200°C. Available in all RAL shades with matt, satin, gloss and textured finishes.

TITANIUM COATING (PVD)

T01 Gold

T02 Champagne

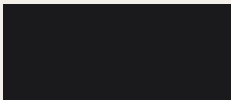

T03 Rose Gold

T04 Bronze

T05 Graphite

T06 Black Chrome

Vacuum-applied titanium-based PVD coating. High resistance to scratching and corrosion, in polished or brushed finish.

METAL & CAST FINISHES

F01 Copper

F02 Brass

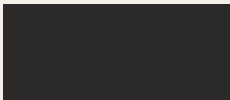

F03 Stainless

F04 Patina Grey

F05 Antique Patina

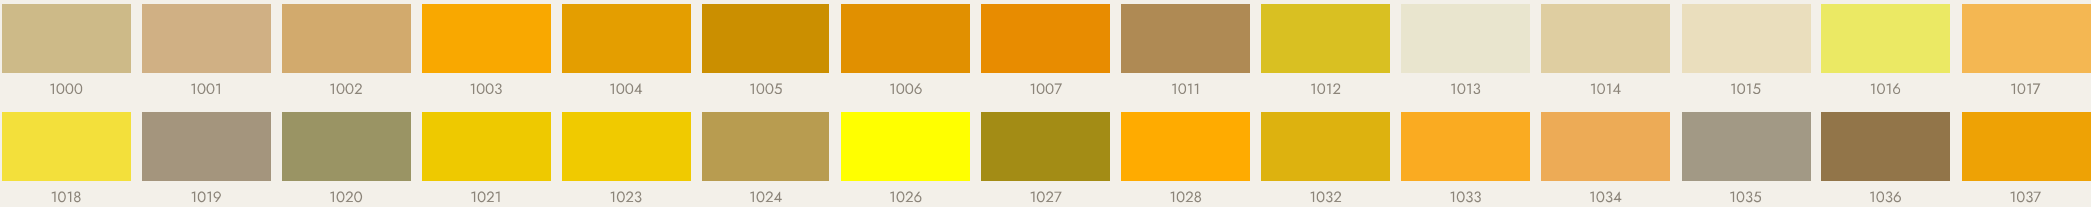

F06 Raw Cast

NOTE Not every coating method can be applied to every model. Titanium coating is available on suitable metal and cast bodies only; wood surfaces are finished with oil, varnish or lacquer. Some RAL shades cannot be produced in certain surface textures. Please confirm model—finish compatibility before ordering.
